**President’s report:**

**Treasurer’s report:**

There is roughly \$200 in each account. It is recommended that we do cash for student bursaries next year as some of these cheques were not cash.

**Principal’s Report:**

Our enrolment is up to 157. Parent teacher interviews were November 22. The Project of Heart Canoe and the Speaking to Memory exhibit was here on display in the annex for the week of November 30. All of the students at Glacier had the opportunity to tour this display.

Evergreen funding: So far this funding has been spent on: (\$2200) textbooks, (\$320) high-end noise cancelling headphones, (\$2100) 4 mobile whiteboards, (\$390) 2 Hokki stools, (\$1600) new PE equipment, (\$350) art supplies. There is still some money left.

Sex-ed presentations have begun in classes. These are facilitated by Kelsey Lochhead and a sexual health nurse, Lindsay Skelding. Last week the presentation for grades 7-9 took place in the Junior Alternate program.

**School Growth Goals:**

**1) Growth-Mindset**

We are continuing on with this initiative from last year.

**2) Active Learning Plan**

Jen March and Dan Braidwood put together a document for students to engage in active learning. The active learning plans are an alternative to the curricular booklets that are usually what students work on. So far, one student has completed this project.

**Wellness Centre Update:**

We still do not have a physician due to issues with funding. There is money for an administrative assistant in the centre. A posting for this position has recently been put out.

**Holiday luncheon:**

This annual event will take place tomorrow at noon. Rita and Ursula (EAs) did a magnificent job of decorating the gym.

**Christmas break:**

Students are back after break on Monday, January 7.

Our next PAC meeting is January 23, 2019.

**Adjournment: 7:35 pm**
