Learning Goal: I am learning how to use pre-taught English vocabulary in simple sentences.

- Read aloud the English words with the pictures.
- Say the word in your home language as well.
- If you are able to write in your home language, write the word too.
- Hide the words and try to name the item in English.
- Rewrite each word and say it out loud as you write.
- Draw a picture of yourself wearing some of the items and then label the picture.
- Talk about what you drew by answering the question, “What clothes do you wear to school?”
  - Start your answer with: “I wear ____________.”
  - Write your words into a sentence starting with: “I wear ____________.”
