Academic Programming

Vanier Collegiate is a dual-track high school that offers faith-based academic programming in both English and French Immersion settings. In addition to a full offering of mainstream courses, Vanier provides modified and alternative programming, and can arrange for the acquisition of apprenticeship credits to meet the needs of our students. Vanier also offers streamlined functional supports designed to assist students with special needs in their educational endeavors.

21st Century Learning

Vanier Collegiate is dedicated to providing our students with a 21st century education. To assist in this process students who enter Grade Nine at Vanier are provided with a personal Chromebook—a laptop that extends the learning potential in a classroom and offers unique collaborative opportunities for our students.
