Comox Valley Schools Strategic Planning Consultation

Comox Valley Schools is currently creating a strategic plan for the 2019 – 2023 school years. In our development of a new strategic plan, we review our past strategic plan and seek consultation from our education partners and from members of the community (parent/guardians, students, staff and the general public). To access the 2015 - 2018 Strategic Plan on the Comox Valley Schools' website visit http://bit.ly/SD71_2018StratPlan.

The Board of Education invites members of the community to one of two consultation sessions that will be held in the School Board Office, Board Room.

- Tuesday, April 23rd, 1:30 – 4:30 p.m. or
- Monday, April 29th, 6 – 8 p.m.

Registration for a consultation session is required and each session will be limited to 25 participants. Registration will be done on a first come, first serve basis by emailing debra.page@sd71.bc.ca.

A survey is another way to provide input and feedback. In addition to registering and attending one of the consultation sessions we encourage the community to take the survey. Participants may answer the survey in lieu of attending a consultation session. To access the Strategic Planning Survey please visit http://bit.ly/SD71_StratPlanSurvey.
