St. John Paul II Catholic School is committed to enhancing student learning through the BYOD (Bring Your Own Device) Initiative. We hope to encourage an environment where each student from Grades 4-8 has his or her own device to use both at school and at home. The BYOD Initiative is entirely optional, and students are not required to bring their own devices to use at school.

This list does not necessarily constitute all of the materials required through the year. Some option classes may have material fees.
