June 1, 2019

To Parents of Bus Students:

The Sunrise School Division Transportation Department reviews all the bus routes annually. This is to ensure that all bus routes are running efficiently and effectively. At times we do have to make changes, which may affect families.

Bus drivers will be calling parents at the end of August regarding bussing information (pick-up time and location). This is when you will find out if there have been any changes.

Please wait for your bus driver to call you, rather than calling the office ahead of time. Final routes are not determined until the calls are ready to be made.

Yours truly,

Sunrise School Division
Transportation Department
