South Hill Joint Transportation Initiative Announcement

In the March 20th, 2019 provincial budget, Holy Trinity Catholic School Division (HTCSD) and Prairie South School Division (PSSD) were ecstatic with the provincial government's announcement of plans to build a new joint use school in the south hill area of Moose Jaw. This school will replace St. Mary School, Sacred Heart School, Empire Community School and Westmount Elementary.

HTCSD and PSSD are cooperating in planning and operating this new facility. In addition, we are identifying how HTCSD and PSSD can maximize the efficient use of existing resources in delivering and supporting a high-quality educational program and related services to our respective communities.

To support the efficient delivery of services, Holy Trinity Catholic School Division and Prairie South School Division are pleased to announce the South Hill Joint Transportation Initiative. The goal of this initiative is to improve overall student transportation in an efficient and responsible manner by aligning student transportation routes on South Hill.

Beginning September 1, 2019, Prairie South School Division busses will provide transportation services to students attending St. Mary School, Sacred Heart School and students living in the Bushell Park area. Preliminary transportation models indicate that ride times for students in Bushell Park and Sacred Heart School will be shortened.

All transportation requests such as new bus services, changes or deletions will continue to be processed through your home school. Further information will follow before the summer break.

The Holy Trinity Transportation Department is always happy to assist you and can be reached at (306) 694-5333 ext. 2052 or transportation@htcsd.ca.
