

PRESS RELEASE
September 5, 2019

Manu Madhok, Superintendent of Schools is pleased to announce the following:

Mr. Wayne Woods has accepted the Manager of Transportation position for School District 91.

Wayne brings over thirty years of knowledge and experience to our district from his background in private industry. This includes a longtime ownership of a local transportation firm and management positions with several companies.

Wayne is a long-time resident of Vanderhoof, member of the Nak'azdli Whut'en First Nation and graduate of Nechako Valley Secondary. In his spare time, he enjoys being outside where he can hunt, fish and horseback ride. Wayne and his wife also appreciate the time they can spend with their two children, five grandchildren and two great-grandchildren. They both are also active members in community organizations including the Madison Scott search team.

Wayne understands that cultivating a culture where everyone has a voice and contributes will build improvement and success and he looks forward to learning more about student transportation with his staff when he begins work on September 23rd.

Transportation Department Facts:

- The school district transports over 2,100 students every day.
- Our buses travel over 20,000 km each week.
- There are 31 bus routes in six communities.
- The school district employs over 55 regular and part-time drivers and 4 mechanics.
- The school district owns and operates a fleet of over 50 school buses.

-30-
