Dear Parent/Guardian:

During the course of the school year, your child's name or photo may be displayed in a number of places within the school division and possibly in locations outside of the school division.

The website is a tool that our school's use to increase communication within our school and beyond. The school's newsletter and the yearbook are other ways that school events are published. Photos often communicate more than words can alone when highlighting activities at our school. Photography, journalism and computer skills are also gained by students in this process.

Please check the box to indicate areas where your child's name or photo may be displayed:

ALL LISTED BELOW..... OR

- print and online posting of school publications (yearbook, newsletter, sporting events/field trips)
- on the school's website
- at school related community events (may also be published in school newsletter or web site)

- at educational displays for school divisional events

Please sign the permission form at the bottom of this letter to authorize the use of your child's name or photo in any of the above-mentioned situations.

If you have any questions or concerns, please contact the school directly.
