

Stratford Transformation Committee (STC)

MEETING HIGHLIGHTS

March 12, 2020

The Stratford Transformation Committee (STC) met in the Stratford Secondary and Elementary School Library.

Branding

The members were presented with a summary of all logos and mascots from schools across Avon Maitland (see Appendix A). This information will be taken into consideration once the schools have been named.

STSC Updates

The Stratford Transformation Steering Committee (STSC) provided an overview of the two reports that were submitted to the Board of Trustees at the February 25th Board meeting (the monthly Stratford Transformation Project update and the report that outlined the STCs recommendations for the naming process).

Honouring the History

The committee discussed a variety of options for “honouring the history” of both schools. Superintendent Morris shared a possible plan to work with the Stratford Perth Museum and the Stratford Archives to digitize the memorabilia from both sites and to work with a sub-committee to consider how to display and/or store the items.

The group also discussed the current school year scholarships/awards and graduation ceremonies. In terms of graduation ceremonies, it was confirmed that each secondary school population will be honoured separately for the 2019-2020 school year.

Celebrations

A think-pair-share activity generated several ideas for celebrations to honour the two schools. A sub-committee will be formed, details to come.

Next Steps

The Trustees will be presented with the results from the naming survey ([details of the survey can be found here](#)) at their March 24th meeting. Highlights from that meeting will be released the following day on the amdsb.ca website.

The next meeting will be held on **Wednesday, April 8th in the SSES Library at 6:30 pm**. Members of the public are welcome to attend as audience members.

As a reminder, the STC can be reached via stratford.transformation@ed.amdsb.ca.
